

In a world where efficiency, sustainability, and flexibility are key, the **Buhrs ONE** delivers unmatched performance. This groundbreaking solution combines paper wrapping and enveloping capabilities in a single, modular system designed to meet your most demanding packaging needs.

Why choose the **buhrs® ONE** ?

ONE SOLUTION FOR ALL YOUR NEEDS

- Handles full paper wrap and paper window envelopes with precision.
- Flexible envelope sizes from 160x100 mm to 420x300 mm to suit any requirement.

ONE SOLUTION, ENDLESS POSSIBILITIES

- Processes paper weights from 80-120 g/m² (custom tests available).
- Offers flexible window placement with sharp folding lines thanks to advanced crease rollers.
- Works with non-printed and pre-printed paper, making it ideal for diverse applications.
- Allowing foil-wrapped packaging in combination with the Buhrs 3000 Compact.

ONE SOLUTION, EXCEPTIONAL SPEED

- Reaches speeds of up to 25,000 products per hour when paired with the Buhrs 5000.
- Seamlessly integrates with the Buhrs 3000 Compact and Buhrs 5000.

ONE SOLUTION, TOTAL FLEXIBILITY

- Modular design allows for easy upgrades and customization.
- Optional in-line black & white or full-colour printing capabilities to meet your branding needs.

ONE SOLUTION, A SUSTAINABLE FUTURE

- Designed to minimize environmental impact with support for transparent paper windows (30 g/m²).
- Offering a fully paper-wrapped envelope.
